

*the Vital Link between your Wood Stove & Insulated Stainless Steel Chimney.*

## ADVANTAGES OF MODEL DSP DOUBLE WALL STOVE PIPE:

- Lasts significantly longer than single wall stove pipe
- Only 6" Clearance to combustible materials
- Stainless Steel inner liner
- Aluminized Steel outer casing
- 1/4" air insulation
- Black enamel finish
- Easy to install
- Certified to UL & ULC Standards
- Lifetime Warranty

## INSTALLATION DIAGRAMS Installations may vary, please refer to the installation instructions @ [www.selkirkcanada.com](http://www.selkirkcanada.com)
