

NEW!

UltimatePlus™

6"-8" All-Fuel Chimney

AVAILABLE APRIL 2024

Professional grade, built to perform!

No supplemental shielding required.

Sleek - Smooth - Clean Look

Exclusive to Hearth Professionals

Superior Stainless Steel inner and outer for exceptional strength and corrosion resistance

Standard Option:

- 304 Stainless Steel Inner
- Satin Finish 430 Stainless Steel Outer

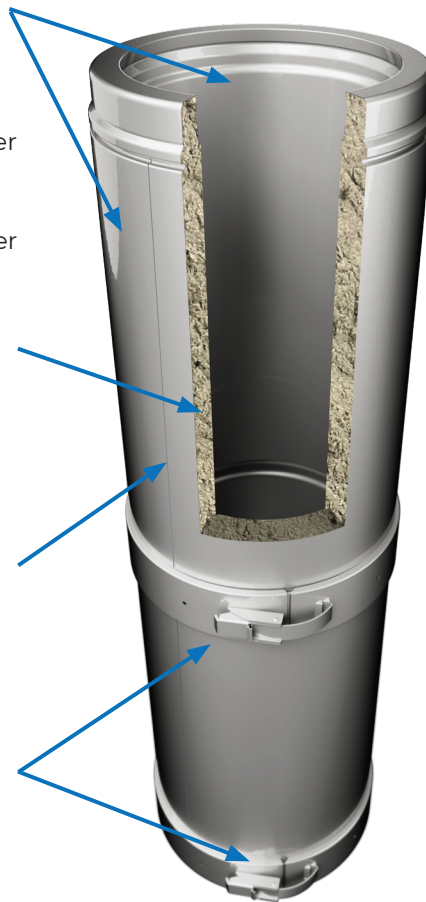

Premium 6" Option:

- 316 Stainless Steel Inner
- Satin Finish 304 Stainless Steel Outer

Solid-Pack Insulation: Proprietary 1" High Temperature Solid-Pack Mineral Wool Insulation which eliminates the need for continuous supplemental shielding.

Continuous-Welded outer and inner seams seal, protect and create a sleek, smooth, professional appearance.

Latch-Type Locking Band: The robust design of the UltimatePlus joint-securing system integrates a professional-grade, no tool, latch-type locking band for a quick, solid and secure installation every time! No tools required!

UltimatePlus™ offers the latest technology for hearth professionals. Factory-built design with superior performance, durability and safety.

All the components that you expect and need:

- Lengths: 48", 36", 24", 18", 12", 8"; 12" Adjustable
